His prayers to the Excise Comr & Govt for remission of the arrears met with a refusal. Finally he petitioned His Highness in July 1903. In passing on the petition to this Office for disposal it was remarked that some leniency should be shown to the Contractors under such circumstances as those mentioned above, as it is the practice in the British Provinces.

On a requisition from this Office to report on the above petition the Dy Comr of the Chittaldroog Dist, represents that as no other reliable men could be found to take up the shops connected with the defr Peter's lease, the petitioner had to be given the lease again & again though he defaulted in payment of Kists; and recommends the remission of half of the arrears viz Rs 6000/- & the recovery of the other half in 3 annual instalments or ~~to be granted~~

When was his offr required? Was it after or before such refusal that this contract was finally made for 1902.-3. How have the later contracts been settled? for what amount & for whom? shewn in these cases. Then again, it is easy to set up the plea of unhealthy competition, but difficult to verify. The figures given in the Deputy Commissioner's list cannot by themselves be taken to show either unhealthy competition or slackness of competition. Owing to special circumstances, such as the construction of large public works, (Marikanve for instance), the bid in some years may shew an increase, but this increase cannot be construed as being due to more than the average competition. On the other hand, the fact that for want of bidders, the contract had to be given in subsequent years also to Obale Gowda, goes to show to some extent that the competition was, if anything at all, below the normal. In these circumstances, I do not think that His Highness need show any consideration to the memorialist in the shape of a remission. At the same time, on account of the laxity of procedure on the part of the officers concerned, the arrears have increased to Rs12,225 from Rs4,864. It may appear as a hardship to enforce payment of this heavy balance at once. I therefore recommend

that the memorialist may be allowed to pay the amount in annual instalments of ₹2,000, as stated by the Excise Commissioner, on condition of his furnishing proper security till the entire amount is liquidated.

The Deputy Commissioner's explanation for continuing the contract to the memorialist even subsequent to his default, is not satisfactory, as his action tended to give a premium to the accumulation of arrears, as actually happened. His conduct in this respect is open to blame.

Petition as shown below, to His Highness the Maharaja, is transferred, for disposal to the, Secretary to the Government of Mysore in the General Department, Bangalore.

Without prejudging the individual case, His Highness thinks that where contractors have had to contend with adverse circumstances such as mentioned, some leniency should be shown them. Such is the recognised practice in British Provinces even where wealthy contractors are concerned.

the Sendi Shops was against his will thrust upon him for Rs. 11000/- in 1902-03. He was not able to make up this sum, and about Rs. 8000/- stood arrears against him.

He then requested the Dy. Comm. and the Excise Comm. to remit this sum in consideration of the adverse circumstances he had to contend with, and of the condition of his large family, or, to allow him to pay the amount by instalments. The above authorities refused to comply with his request, and ordered that, in

to treat of immediate payment of the entire amount, his property and the property of his sole blood security to him, should be attached to recover the sum due.

He therefore prays that his circumstances may be considered and that the sum of arrears may be remitted; or, in case the remission is impossible, that he may be allowed to pay the amount by instalments.

Sir,

With reference to your Memorandum No. [illegible] Dated 30th June 1923, forwarding for report the declaration received from Toddy Contractor Sri Ramaiahalli Obalegowda praying for orders that out of the arrears of Toddy Kists due by him Rs. 2 may be remitted in consideration of the fall of his properties for the same stated in the memorandum herewith, I have the honour to submit as follows:

from which it will be seen that the rentals of the farms therein mentioned had risen abnormally high in the subsequent years as compared with those of 1898–1899. From enquiries made by me, it is ascertained that this heavy increase in the rental was mainly due to unhealthy competition among the bidders. To add to this, the prevalence of cholera and plague during the past 3 years involved the Contractor in serious difficulties resulting in the accumulation of heavy arrears. The petitioner therefore, prays that half of the outstanding arrears, viz, Rs 6000/— may be kindly remitted, the balance being recovered in 3 equal annual instalments. The Case of the petitioner deserves favorable Consideration, as otherwise, he will have no chance of extricating himself from his present difficulties. SUBJECT

the Govt. Order of 1902 rejecting his application for a remission of the arrears due from him owing to the alleged loss of trade on account of the prevalence of cholera and plague during the period of his Contract, is strictly speaking not entitled to any Consideration. According to clause XI of the licence, no Contractor can claim any remission or abatement of the rent or Compensation on any account whatsoever. But even Considering the case on its own merits, it will be an inconvenient precedent

to grant any remission. The Deputy Commissioner of the Chittagong District states that the loss to some extent was due to unhealthy competition combined with the prevalence of the diseases mentioned above. But cholera & plague prevailed in other parts of the State also and no consideration has been shown in these cases. Then again, it is easy to set up the plea of unhealthy competition, but it is difficult to verify it. The figures given in the Dy. Comrs list cannot by themselves be taken to show either unhealthy competition or slackness of competition owing to special circumstances, such as the construction of large public works, (Manikganj for instance), the

bid in some years may show an increase but this increase cannot be construed as being due to more than the average competition. On the other hand, the fact that for want of bidders, the contract had to be given in subsequent years also to Cbale Gowda, goes to show to some extent that the competition was, if anything at all, below the normal. In these circumstances Govt are not prepared, to show any consideration to the memorialist (Cbale Gowda) in the shape of a remission. At the same time, on account of the laxity of procedure on the part of the officers concerned, the arrears have increased to Rs 12,225/- from Rs 4,864/- It may appear as a hardship to enforce
